YOUR DAY IN THE LIFE

The Accountant position is responsible for the accounting operations of the company, to include the timely production of periodic financial reports, maintenance of an adequate system of accounting records, and a comprehensive set of controls and budgets designed to mitigate risk, enhance the accuracy of the company's reported financial results, and ensure that reported results align with generally accepted accounting principles and international financial reporting standards. WilsonHCG seeks an ambitious and driven individual who has strong technical accounting skills, acquired through corporate or public accounting experience and experience developing systems and processes in a growth environment.

ABOUT YOU

Manage accounting and financial reporting

Establishing and coordinating all accounting procedures for the business unit

Investigating significant trends/variances in financial data

Providing daily and/or weekly analysis, and reporting on operational performance

Leading in the formulation of the budget and preparing the monthly budget variance analysis

Enhance, maintain, and align with a system of internal controls

Management:

Assist with the maintenance of a documented system of accounting policies and procedures

Collaborative Interaction with management and other department leaders

Assist with leading all aspects of the operations of the accounting department, including the design of an organizational structure adequate for achieving the department's goals and objectives

Handle the accounting operations of subsidiary corporations, especially their control systems, transaction-processing operations, and policies and procedures

Manage Transactions:

AP, AR, Payroll, and Billing transactions are recorded promptly and accurately

Manage all monthly bank reconciliations to completion

Ensure that required debt payments are made on a timely basis

Maintain the chart of accounts on an orderly accounting filing system

Support a system of controls over accounting transactions

Reporting:

Issue timely and complete financial statements

Coordinate the preparation of the corporate annual report

Recommend benchmarks against which to measure the performance of company operations

Calculate and issue financial and operating metrics

Assist with coordinating the production of the annual budget and forecasts

Calculate budget variances and report significant issues to management

Updating for a system of management cost reports

Provide financial analyses as needed for capital investments, pricing decisions, and contract negotiations

Compliance:

Assist with coordinating the flow of information with external auditors for the annual audit

Monitor debt levels and compliance with debt covenants

Follow local, state, and federal government reporting requirements and tax filings

REQUIREMENTS

Bachelor's degree in accounting or other similar major.

At least 3 years of accounting experience. Knowledge in the service industry would be

preferred but not required.

CPA/MAcc/MBA preferred, but not required.

Experience with Workday is helpful, but not required.

Fluent in Polish and English; Spanish and German are a bonus!

INTERVIEW PROCESS
