Consultant - Healthcare and Life Science

In Poland Warsaw

What makes us special:

Become part of a unique entrepreneurial team. Think independently, use your initiative, and take some risks. Entrepreneurship is a powerful force that drives the growth not only of our firm but our clients and people.

Unlock the power of opportunity Advance your career in a thriving company that creates positive impact. We invest in your professional development every step of the way.

Enjoy balance and flexible working. Be empowered to do your best work – whether it's remotely or in the office. We offer flexible and hybrid working, remote teaming, sabbaticals, and paid time off.

Prioritize your health and wellbeing. No matter where you live, we offer a competitive suite of health benefits to help keep you and your loved ones safe.

Invest in your future. Our Employee Bonus Opportunity Program ensures that when our firm grows, you benefit from this growth.

How you will create an impact:

Support industry leaders and early-stage ventures in driving launch effectiveness and commercial excellence

Have impact on our clients' business success as well as on shaping the future of healthcare for our society

Develop and assess strategic options via targeted business and market insights

Apply advanced research and analysis method

Utilize digital resources to develop effective client solutions

Derive, present and support the implementation of actionable recommendations

Work in international project teams with diverse cultural and professional backgrounds

Your profile:

Master/Bachelor degree in any subject with a focus on general business, science or medical, and with above-average academic performance

Strong analytical skills as well as an eye for detail

Prior company or consulting internships

Fluent business English (written and spoken)

Additional language capabilities are a major advantage: preferable Eastern European (CEE) languages, e.g., Polish, Czech, Slovak, Hungarian, Croatian, Russian, etc.

Proficient knowledge of MS Office: Word, Excel, Power Point

Highly motivated to develop new skills and grow personally

Citizen of the European Union or job permission
