

## Data Scientist

[Apply Now](#)

Company: RITS Professional Services

Location: Katowice

Category: computer-and-mathematical

**The biotechnology industry is currently seeking a Data Scientist!**

**100% remote work**

Company specializing in biotechnology and molecular diagnostics provides advanced laboratory tools, technologies and solutions that are used in the fields of molecular biology, medicine and scientific research.

### **Requirements :**

Min. **4-5 years** with hands-on experience with data science and/or advanced analytics projects.

Expert knowledge on supervised and unsupervised machine learning techniques.

Fluent in programming with **Python and using common machine learning libraries** (e.g. sklearn, keras/tensorflow, statsmodels, PyMC3 etc.).

Experience with big data ecosystems and common ETL processes. Optional: Experience with the Azure tool stack.

Experience in stakeholder interaction: understanding needs from technical and non-technical key-stakeholders and translation into analytical solutions.

Knowledge of professional software development practices and using tools for source control and project management like Git, Azure Dev Ops etc.

Preferable master degree in a quantitative field (e.g. physics, mathematics, computer science, bioinformatics).

### **Responsibilities:**

**Data analysis** Collect, clean, and analyze large datasets to identify patterns and trends

**Modeling** Develop predictive models and algorithms to solve complex business problems ranging from a variety of ML fields

**Communication** Communicate findings and insights to stakeholders in a clear and concise manner, gather requirements on further adoptions and future work.

**Converting data into insights.**

### **Technologies we use:**

Azure Databricks / Azure DevOps / OpenAI.

PowerBI (or alternative tools for data presentation) / Azure Machine Learning / sklearn / MLflow.

### **We offer:**

**Fast online recruitment** process - 1 stage (90-minute technical verification in English).

**Fully remote** work.

Benefits package.

Recruiter support throughout the recruitment process and individual Consultant support during employment at RITS.

Wide development opportunities.

A cohesive and supportive team of experienced Specialists.

Work in an **international** environment.

**APPLY AND JOIN THE RITS SPECIALISTS TEAM!**
