

Digital Core Functional Analyst / Consultant in the Operations & Process Transformation (ICH Europe)

[Apply Now](#)

Company: Accenture

Location: Warszawa

Category: computer-and-mathematical

Operations & Process Transformation (ICH Europe) is a sub-capability in Intelligent Consulting Hub Europe Supply Chain and Operations Practice, which takes an end-to-end, process-based approach to addressing organizational challenges in the areas of:

- Execution Excellence
- Complexity Management
- Growth
- Strategic Cost Reduction
- Building the internal capability required to continuously improve operational performance and grow through innovation

What will you do?

Work independently in client facing situations as well as part of larger project teams in the design, development and implementation of new and improved business processes and enabling technology in Logistics, Supply Chain and IT transformation related projects.

Support business assessment and roadmaps for our client, advise clients on Supply Chain functionality & new features to overcome current challenges and/or optimize key business processes around various systems such as SAP S/4HANA and other software solutions

Lead/support implementation engagements using a deep functional knowledge of Supply Chain capabilities.

Support internal capability development through robust training sessions (design

curriculum/deliver sessions) for the practice

Develop and expand Supply Chain professional skills through continual learning and “hands on” experience

Enable, mentor and coach colleagues in S/4HANA Supply Chain functional capabilities and best practices

Work on the intersection of business and the technology focusing on digital core supply chain modules

Who and what we are looking for:

Higher education. Post graduate or MBA will be an asset

Practical knowledge in Supply Chain Management in the areas of Planning, Manufacturing, Transportation & Warehousing processes

Experience within SAP ECC and/or S4HANA functionalities: SCM, MM, SD, WM/EWM, PP, SD, LE, FI-CO, FSCM, BI

SAP consulting experience and managing work-streams in a consulting environment or at high tech companies will be an asset

Very strong analytical and problem-solving skills

Strong relationship building skills at all levels.

Self-paced, determined, able to deliver on own scope of responsibility as well as value contributor and team player

Ability to create and deliver high-impact communications to client audiences (written and oral) and facilitate complex discussions

Very good English communication skills (written & spoken), additional language will be an asset

Working Conditions:

Employment contract (Umowa o pracę)

Headquarter in Warsaw with offices in Cracow, Wroclaw, Lodz or Gdansk

We are delivering our work mostly remotely but knowing that **Intelligent Consulting Hub Europe (ICH)** way of working is also based on traveling and serving advisory, typically working closely with our Clients in their offices, willingness and ability to work at client's locations mostly across Europe, but also other locations, for short or long term is still required

What we offer:

Challenging job in a dynamic, professional, international and multicultural environment

Opportunity to gain exceptional on Polish market, skills, knowledge and experience on large scale international projects

The unique chance to work in a global network using only state-of-the-art tools and technologies

One of a kind experiences with best know-how, with broad access to certifications and professional industry-recognized trainings.

Very attractive and competitive salary as well as a well-defined career path shaped to the individuals career focus & priorities

Attractive benefits package: Remote/Hybrid way of work, Cafeteria System, Multisport card, Lunch card, Private medical care, Employee Assistance Program, AMEX Gold Card, Lounge Club Priority Pass, Life insurance, Employee referral program and much more...

If this sounds like the ideal role, career, and company for you, please apply online as soon as possible.
