

Digital Product Designer (UI/UX)

[Apply Now](#)

Company: PL18 Alcon Polska Sp. z o.o. Company

Location: Warszawa

Category: other-general

At Alcon, we are driven by the meaningful work we do to help people see brilliantly. We innovate boldly, champion progress, and act with speed as the global leader in eye care. Here, you'll be recognized for your commitment and contributions and see your career like never before. Together, we go above and beyond to make an impact in the lives of our patients and customers. We foster an inclusive culture and are looking for diverse, talented people to join Alcon.

Alcon is looking to hire a full-stack Product Designer (UI/UX) for our Digital Health unit to translate user needs, business requirements and any technical limitations into intuitive user experiences.

Our Digital Health team plays an instrumental role in our push to improving customer experience with cutting-edge technology solutions. The team focuses on helping eye care professionals work effectively and improve patient outcomes by innovating the supply chain for critical eye care products and equipment.

As a **Digital Product Designer (UI/UX)**, you will be responsible for the end-to-end design process of digital products, from planning and conducting design research to designing user interfaces and experiences. You will work closely with a multidisciplinary agile product team to design intuitive and compelling digital health experiences across our suite of digital healthcare solutions. We are a new and fast-growing team which will give you the opportunity to shape our ways of working and culture - think start-up, but inside a global leader in eye care.

In this role, a typical day will include:

Conduct user research to discover insights, define user personas, and map user journeys to inform the design process.

Skilled in creating a range of design artifacts, including wireframes, task flows, screen mock-ups, and interactive prototypes, with a focus on intuitive user experience.

Create visually appealing and user-friendly digital experiences that are consistent across multiple platforms, devices, and channels.

Develop new product concepts, storyboards, detailed interaction designs and screen flows, and prototypes to clearly articulate solutions.

Conduct concept and usability testing to iteratively validate and improve solutions.

Actively collaborate as part of an agile team to ensure designs are feasible and implemented accurately.

Identify design problems and devise elegant solutions in alignment with the brand.

Take a user-centered design approach and rapidly test and iterate your designs.

Facilitate co-creative workshops with key stakeholders to drive alignment and develop new solutions.

Track user experience metrics and reports on the success of UX improvements.

Mature our Design System through feedback and active contribution of know-how and components.

WHAT YOU'LL BRING TO ALCON:

- BSc in Design, Computer Science or relevant field.
 - 3 years of professional experience working as Digital Product Designer SaaS, life science or a fast-paced environment.
 - A solid grasp of user-centered design (UCD), planning and conducting user research, user testing, A/B testing, rapid prototyping, heuristic analysis, usability and accessibility concerns.
 - Expertise in standard UX software such as **Figma** and Dovetail and the like is a must.
- Basic HTML5, CSS3, and JavaScript skills are a plus.
- Fluent English.

HOW YOU CAN THRIVE AT ALCON:

Opportunity to work in best-in-class Organization among Medical Devices/Equipment sector.

Truly international environment and daily interactions with colleagues from all over the world.

Attractive benefits package (private medical care, group insurance, lunch card, transportation allowance, pension plan, Multisport/cultural card, free Alcon products for you and your significant other).

Permanent employment contract, attractive base salary and annual bonus.

Flexible hours and **hybrid model of work**.

Brand new office in Marynarska 15, Warsaw, with a lot of facilities inside.
