

## Electric Vehicle Charging Consultant

[Apply Now](#)

Company: Infosys Consulting - Europe

Location: Poland

Category: other-general

### About Us

Where Innovation meets Excellence.

Be a part of a globally renowned management consulting firm that is on the front-line of industry disruption. We are a mid-size player with an entrepreneurial spirit that works with a market-leading brand in every sector, while our parent organization Infosys is a top-5 powerhouse IT brand that is outperforming the market and experiencing rapid growth.

Our consulting business is annually recognized as one of the UK's top firms by the Financial Times and Forbes due to our client innovations, our cultural diversity and dedicated training and career paths we offer to our consultants.

As we look to strengthen our team with top talent that can shape the future for our firm, we seek entrepreneurial-minded individuals that value a highly-diverse culture where differences are embraced, that want to have a voice with top management and that are rewarded for collective achievement. We are committed to fostering an inclusive work culture that inspires everyone to deliver their best!

### The Team

Our **Energy Practice** helps some of the largest global firms and most recognizable brands solve their biggest challenges in today's age of constant disruption. With diverse services spanning strategy and digital innovation, to omni-channel customer experience, supply chain optimisation, we help clients shape and achieve their growth agenda for a sustainable future.

### The Role

- Ø Managing and working on a range of consultancy projects in the field of transport-related technologies and fuels, focusing particularly on electric vehicles and charging infrastructure deployment strategies
- Ø Monitoring market developments and shaping company business development activities to take advantage of emerging opportunities
- Ø Development and maintenance of close client and partner relationships to support the winning of new business
- Ø Leading, managing and contributing to multi-disciplinary proposals
- Ø Solve client's most complex challenges with bespoke solution recommendations for clients
- Ø Help clients transform from the inside out

### **Requirements**

We are looking for a Electric Vehicle Charging Consultant with experience in:

- Ø winning and delivering work related to modelling of EV uptake, charging infrastructure demand and developing strategies and plans for charging infrastructure deployment.
- Ø Managing and delivering consultancy projects to help clients deploy electric vehicles and/or alternative transport fuels in their own vehicle fleets as well as providing strategic advice on how to accelerate the deployment of these types of vehicles and fuels in the wider market.
- Ø Electric vehicle and charging infrastructure markets and how they are evolving is essential (including an understanding of the interplay between the transport and energy sectors).
- Ø Customer-facing roles, along with very strong numerical analysis skills and/or model development skills.

Our ideal candidate will be:

- Ø Have both industry and consulting experience
- Ø Able to lead global/virtual teams to implement retail technology transformations
- Ø Proactive with an entrepreneurial spirit and team player mindset, and adept at engaging senior stakeholders
- Ø An excellent communicator with outstanding verbal and written communication skills
- Ø Able to audit existing ecosystem and suggest strategies for operational efficiency and thought leadership
- Ø A self-starter, able to lead workshops, work in matrix team structure and assume front end roles at client location

### **Benefits**

For the right talent that want to be part of a diverse team, innovation-driven practice and a high-performance culture, we offer industry-leading compensation and benefits, along with top training and development opportunities so that you can grow your career and achieve your personal ambitions. Curious to learn more? We'd love to hear from you.... Join us today!
