Interesting future M&A projects

Enhance reporting, streamline acquisitions, oversee major capex projects

About Our Client

Our client is a Private Equity firm headquartered in Baltic region with a proven track record of establishing market leaders in their respective fields within the CEE region. They excel in supporting portfolio companies by enhancing their capabilities for professionalization and scaling up operations. In the pursuit of a new venture, we are in search of an adept CFO - Board Member to strengthen reporting, facilitate acquisitions, oversee substantial capex projects, control the budget and closely work with the commercial department. Collaborating with Supervisory Board Members and fellow management board colleagues, the Finance Director will spearhead the ambitious development plan of the company, including M&A initiatives. This pivotal role will be based close to Wrocław/Dolnyśląsk voivodeship.

Job Description

Co-create and implement financial and business strategies, collaborating closely with the Investment Fund, CEO, and management team for value enhancement

Oversee budget planning and monitor financial aspects of the projects

Drive M&A initiatives, assessing potential opportunities and planning and executing post-acquisition integration

Support dynamic organizational growth in Poland and internationally, delivering high-quality managerial information and strategic planning

Manage working capital, sales efficiency and product profitability; act as a Business Partner for other departments

Participate in initiatives analysing sales results, margins, and pricing policies

Co-pilot digitalization and automation efforts, focusing on ERP/BI tools and developing the Management Information System

Establish a new reporting process, prioritize new implementations, and build a professional finance team, including Controlling, for enhanced financial management visibility

The Successful Applicant

University degree

A qualified professional with experience in business finance, ideally in a similar role of Finance Director (board level) within an international manufacturing company; Exposure on cooperation with a Private Equity environment is highly desirable

First-hand past commercial experience enabling close work with the commercial department

Experience in driving value creation and change management projects

Proven success in developing, nurturing, and leading teams

Proficient in IT, with hands-on experience in ERP systems

Exceptional interpersonal skills to quickly establish credibility at all levels of the organization

Robust relationship-building abilities and adept at managing diverse stakeholders' interests

Demonstrated project management expertise, outstanding organizational skills, with the ability to prioritize and meet tight deadlines

Fluency in English and Polish is a must

What's on Offer

Role as part of the Management Board

Interesting future M&A projects

Unique opportunity to join at the outset a company transformation and drive value building

Chance to shape new standards and have a significant influence on crucial company decisions

Opportunity to work with a well-regarded Private Equity fund with an excellent track record

Place of work is close to Wrocław, Poland
