

Frontend Engineer - Poland

[Apply Now](#)

Company: Focal Systems

Location: Poland

Category: computer-and-mathematical

We are looking for

smart, creative and passionate people who want to help build a great and enduring company and deploy Deep Learning to the world!

We have a strong team of engineers located in Poland.

About You

You're a well-rounded, frontend engineer (React/Typescript). You are a self-starter and enjoy taking ownership. You can effectively manage tasks, projects, and problem-solve.

You're a dynamic engineer who is an effective communicator and enjoys an environment of collaboration. You want to have a big impact and like to push trends in web development in order to create a memorable experience across our brand.

What you will do

You will work with a talented team to continually iterate and improve the experience of our internal and external users. You will be empowered to drive innovation by coming up with new and exciting ideas to creatively solve issues, as well as actively look for opportunities to improve the design and interface of our core web presence.

Responsibilities

Develop new user-facing features using React and Redux

Build reusable components and front-end libraries for future use

Translate designs and wireframes into high-quality code

Improve developers' tools and extend development environments

What you need to be successful

4+ years' experience with JavaScript

2+ years' experience with TypeScript

2+ years' experience with React / Vue / Angular

3+ years' experience working in a team environment

Experience with Redux is a plus

Experience with Docker is a plus

Startup mentality, team player and willing to work 50+ hours a week

Fluent in Polish with Advanced English skills (written & spoken)

Excellent communication, presentation, and demonstration skills

Why Focal Systems

Strong Values and Mission - We are a tightly-knit team with an ambitious mission and a strong set of core values, which define our approach to business and have successfully guided us since inception.

Exceptional Team - We are a team of hard-working, fun-loving professionals from some of the most eminent universities, research labs, and tech companies of our time. We pride ourselves on recruiting exceptional individuals to help us redefine the state-of-the-art.

Outstanding Partners - We work with 10+ of the largest retailers in the world and have a world-class roster of investors, advisors and partners to support & advise us in our endeavors.

What we offer

We care deeply about the health, happiness, and wellbeing of all of our employees. We offer:

- Competitive Salary & Attractive Stock
- Quarterly Team Retreats
- Education grants
