### Job description

For one of our Danish clients we are looking for a **Fullstack developer (Frontend 50% / 50% Backend)** with experience in the banking industry to take the role of a senior developer within the project. The department is responsible for the development and the maintenance of the systems which support back-office processes in the banks and systems which serve as a web platform for the customer onboarding, bank account management, loans, mortgages, pensions, credit card administration.

The consultant will join the department's Polish team which counts around 35 developers and testers.

### RESPONSIBILITIES:

- Translate user requirements into the overall architecture and implementation.
- Coordinate with the Client (Business Developers DK)
- Design, code, review optimized front end code React and JavaScript
- Design, code, review backend integration.
- Understand, create and debug database related queries.

- Create test code to validate the application against client requirements.
- Troubleshoot web application with a fast and accurate resolution. Consultants profile

### **REQUIREMENTS:**

- **At least 5 years** of professional experience **with Java** and **3 years** of experience **with frontend environment using React**.
- Strong experience designing, architecting, and implementing software solutions (frontend focus) in an enterprise environment (including microservice-style and cloud-based application architectures).
- Experience with Spring Boot, Maven and Hibernate
- Experience with architecture design (mainly Microservices).
- Experience with Web API development (SOAP, REST)
- Knowledge about SDLC tools (build systems, ticket systems, code repositories, CI etc.).
- Familiarity with Single Page Applications / SPA, Mono-repo, Micro-Frontend Development (MFE).
- Excellent oral and written English skills both on technical and personal level.

### **WE OFFER:**

- Challenging international projects in a Scandinavian business culture.
- Long-term cooperation across multiple projects and sectors.
- Transparently built relations based on trust and fair play.
- Flexible working hours.
- Benefits: co-finance of Medcover and Multisport.
