

IT Trainee

[Apply Now](#)

Company: ROCKWOOL Group

Location: Poznań

Category: other-general

If you would like to join ROCKWOOL for future internships that will open in IT department, please apply!

Digital is the organization that helps ROCKWOOL and all its business units transform into a digital organization.

To date we have just over 200 employees working within Digital and based all over the world. We have 3 Centers of Excellence, namely Denmark, Poland and Malaysia, and have agile teams working within more than 20 different digital locations.

Grodan is a part of Rockwool Group, we are software development department working on maintenance and development of e-Gro software platform that allows our clients to collect and combine the relevant data from their greenhouse and translate it into real-time insights for data-driven Precision Growing.

We are currently looking for an intern **Backend Developer/Frontend Developer/Full Stack Developer and Tester** to join the team.

Interested?

We kindly invite you to apply with CV written in English.
