Java Software Engineer Senior - Remote/Poland

[Apply Now](#)

Company: Akamai

Location: Poland

Category: computer-and-mathematical

Are you interested in leading innovation into new security product areas?

Do you love collaborating with teams to solve complex problems?

Join our Global Web Security group

We design and develop innovative solutions to help our customers protect their websites and secure online transactions. Powering over 85% of the top online retailers every day, we work collaboratively, using cutting-edge technology to prevent data theft and downtime.

Shape the future of our security products

The ideal individual for this position is creative, self-directed, and passionate about supporting and maintaining Security Products. You'll engage in every development phase to ensure an interactive and useful web application. You'll be a part of developing and articulating requirements and product visions through conceptualization, communicating and implementation.

As a Software Engineer Senior, you will be responsible for:

Creating new features as well as enhancing existing features

Optimizing existing functionality, from conception and design through to testing and deployment

Working on projects that make our network more stable, faster, and more secure

Collaborating with development and system QA teams to create regression tests for new software changes.

Partnering with our operations teams to investigate and troubleshoot complex problem escalations for our customers

Do what you love

To be successful in this role you will:

Have expertise designing and developing web applications or data pipelines using Java or Scala or JavaScript

Have Query language experience like SQL for reporting and data analysis

Have experience of working in networking, cloud, or distributed computing environment

Have working knowledge with Linux or UNIX operating systems

Be able to pay meticulous attention to details

Possess excellent troubleshooting and performance tuning skills in a collaborative manner

Work in a way that works for you

FlexBase, Akamai's Global Flexible Working Program, is based on the principles that are helping us create the best workplace in the world. When our colleagues said that flexible working was important to them, we listened. We also know flexible working is important to many of the incredible people considering joining Akamai. FlexBase, gives 95% of employees the choice to work from their home, their office, or both (in the country advertised). This permanent workplace flexibility program is consistent and fair globally, to help us find incredible talent, virtually anywhere. We are happy to discuss working options for this role and encourage you to speak with your recruiter in more detail when you apply.

what makes Akamai a great place to work

Connect with us on social and see what life at Akamai is like!

We power and protect life online, by solving the toughest challenges, together.

At Akamai, we're curious, innovative, collaborative and tenacious. We celebrate diversity of thought and we hold an unwavering belief that we can make a meaningful difference.

Our teams use their global perspectives to put customers at the forefront of everything they do, so if you are people-centric, you'll thrive here.

Working for you

At Akamai, we will provide you with opportunities to grow, flourish, and achieve great things. Our benefit options are designed to meet your individual needs for today and in the future. We provide benefits surrounding all aspects of your life:

Your health

Your finances

Your family

Your time at work

Your time pursuing other endeavors

Our benefit plan options are designed to meet your individual needs and budget, both today and in the future.
