### Scope of works:

Incident management related to software and/or hardware infrastructure

Resolving of application related incidents - 2nd and 3rd level

Planning and undertaking scheduled maintenance upgrades

Release management including application and services patching. Databases updates, installation, etc.)

### **We look for:**

Fluent communication in German (min. B1+) and English (writing and speaking).

Nice to have: Knowledge of C# .Net Framework, Java and others

Experience with MS SQL and/or Oracle databases

Knowledge of Microsoft Windows servers including IIS, AD and Services configurations and installation

Knowledge of scripting language (e.g.PowerShell, Bash, Python) as an advantage

An understanding of integrated applications

Understanding of development lifecycles

ITIL Certificate will be desired advantage

### **What's in it for you?**

Wellbeing programs & work-life balance - integration and passion sharing events

Private medical and dental care

Benefits platform – shopping, cinema, sport etc.

Co-funding of sport activities, e.g. Multisport & OK system cards, b-active program

Courses and certifications e.g. Google Cloud, AWS, ITIL

Conferences and Expert Communities

Gift packages for special occasions: Easter, Christmas, Children's Day

Appreciation for seniority: additional days off, Atos Jubilee gifts

Remote working or commuting allowance, relocation package

Charity and eco initiatives

Flexible working hours

**\*Your benefits could vary depending on employment contract type**

### **What happens next?**

Quick conversation with HR

Interview with a Manager/IT expert/project representative

Feedback (1-5 business days after the interview)

**Work like you want-remotely, in hybrid mode or at our office**

**Let's grow together.**
