Company: NielsenIQ

Location: Warsaw

Category: computer-and-mathematical

Job Description

The role of Junior Vendor Cost Coordinator involves offering consultative advice to our commercial teams in their dealings with clients. They also provide guidance to the research teams on fielding methodologies and panel feasibility and offer ongoing support to panel partners throughout the project's life cycle. These efforts contribute to the smooth running of projects, ensure profitability for our company, and result in the delivery of useful data to our clients.

RESPONSIBILITIES

Manage bid requests and allocate work to suitable suppliers, based on the client's requirements and study methodology particulars.

Accurately manage feasibility, consult on missing/inaccurate information, flag watchouts.

Exhibit precision in utilizing scheduling, bidding, and project management tools (Bowtie, Bid Tool etc.).

Actively consult with commercial teams on project details and provide recommendations and act solution-oriented in resolving feasibility issues and take a proactive approach to identify high-priority studies and collaborate with internal teams to ensure their successful execution.

Lead communication on project decision/changes, in a timely manner. Work closely with internal partners across Commercial and Operational teams to deliver high-quality study execution, ensuring set deadlines are met.

Ensure that vendors understand and follow best practices as set forth by leadership and provide feedback to vendors and internal leaders as appropriate.

Work as a team regionally and globally by taking on shared tasks such as vacation coverage, etc. if needed.

Contribute to team discussions and non-production value added projects beyond the 'normal' project specific work.

Provide ongoing recommendations on how to improve daily workflow (reduce touch time, cycle time, address pain point in cooperation with other teams).

A little bit about you:

As a skilled problem solver, you take pride in your ability to manage diverse inputs and provide user-friendly, data-driven recommendations to our internal teams. You are passionate about working in a diverse and inclusive team and are dedicated to delivering innovative solutions that meet our clients' needs. Moreover, you have a strong desire to continuously learn and improve your skills.

QUALIFICATIONS

Bachelor's degree

Preferably minimum 1-2 years of experience

Strong Business English knowledge, both verbal and written

Knowledge of Microsoft Office and databases

Attention to detail

Customer service skills

Multi-tasking skills

Ability to handle stress well

Strong organizational skills

Assertive, but flexible and positive attitude

Ability to work Individually as well as in a Team environment

WE OFFER:

Benefit package: Multisport card, private medical coverage Medcover, life insurance, Benefit platform allowing to purchase cinema and theater tickets,

Additional days off and recognition of special moments in your life,

Stable working environment with employment contract,

A possibility to create individual career paths, additional training,

A possibility to engage in charity actions and participation in numerous social activities organised within the company,

Modern office in a great location, next to Dworzec Gdański metro station,

Work in a mixed system: part of the week you work from home (home office), a part from the office. Therefore we provide all the necessary equipment to perform your duties from home.

Additional Information
