Lead Android Engineer (#35)

Apply Now

Company: N-iX

Location: Poland

Category: computer-and-mathematical

Work type: Office/Remote **Technical Level:** Leader **Job Category:** Software Development

Project:

We are looking for **Lead Android Engineer** to join our team.

We are looking for a skilled Lead Android developer to join our Product team. The best suitable candidate is ready to face challenges, participate in solution-making, and handle tasks independently while working as a team.

Main Responsibilities:

To lead Android team responsible for developing and supporting kiosk-like APP

Collaborate with the Team, PM, PO, Designer, BA, and other stakeholders to develop roadmaps and features to delight our product

Sharing your expertise and the value they can bring to the business

Handle team members' growth as engineers by improving internal team processes and mentoring

Curious and passionate about finding creative solutions to complex problems

Be able to deal with issues and feel a deep need to share the experience with others

Building technology in the right direction: for us, this means simple, organized, well-tested systems that gradually grow over time, and that provides plenty of insight into production performance

Role Requirements:

6-7+ years of enterprise with Kotlin

1+ years of experience in Android Lead role

Experience in AOSP and OTA

Experience in Android development with the latest Android SDKs and Material Design concepts

Experience in Embedded based projects of at least 3-4 years

Experience with Android OTA would be a great advantage

Experience with BT/Wi-Fi connection would be a great advantage

Experience in Agile development

Strong understanding of SDLC

Upper-intermediate English level

The ideal candidate is also:

Has an Agile mindset and is a good team player

Collaborative but decisive personal style

Highly effective communicator and problem solver

Is able to analyze, plan and estimate requirements as well as identify risks involved and provide solutions to them

We offer:

Flexible working format - remote, office-based or flexible

A competitive salary and good compensation package

Personalized career growth

Professional development tools (mentorship program, tech talks and trainings, centers of excellence, and more)

Active tech communities with regular knowledge sharing

Education reimbursement

Paid vacation days, sick leaves, and days off

Healthcare & Sport program

Medical insurance

Memorable anniversary presents

Corporate events and team buildings
