

Middle DevOps Engineer

[Apply Now](#)

Company: Kyriba

Location: Poland

Category: computer-and-mathematical

It's fun to work in a company where people truly BELIEVE in what they're doing!

Kyriba is the global leader in cloud-based treasury, cash and risk management solutions, delivering Software-as-a-Service (SaaS) financial technology to big corporations. Over 2,000 global organizations use Kyriba to enhance their cash visibility, improve financial controls, and increase productivity across their cash and liquidity, payments and risk management operations. Kyriba is headquartered in San Diego, with main offices in New York, Paris, London, Tokyo.

Kyriba is seeking a confirmed and talented **DevOps Engineer** to join our team of more than 200 engineers working together to bring innovative solutions to Kyriba clients around the globe. We are a team of passionate people motivated by agility, innovation and continuous improvement.

As a DevOps engineer, you will be a part of the Infrastructure & Support Team currently consisting of 3 Senior DevOps engineers and a CI/CD Manager.

This team is working on automation, reliability, optimization and cost effectiveness of infrastructure involved in Continuous Integration and Continuous.

Engineering teams are geographically distributed in the three main locations: Warsaw, Paris and San Diego

Key Responsibilities and Duties:

Support and operate CI/CD pipelines

Manage and support infrastructure related to CI/CD processes, including AWS, Artifactory, Kubernetes, Jenkins, etc.

Implement Infrastructure as Code (IaC) using tools like Terraform, GitOps, Crossplane to automate infrastructure creation

Control infrastructure cost

Oversee packaging activities for daily builds, patches, hotfixes, etc.

Support ansible playbooks for test environment creation on AWS

Work on deployment tools within a microservices architecture

Conduct research for potential tools and process improvements

Collaborate closely with Dev, DevOps, TechOps, and CI/CD teams on architectural topics

Develop a comprehensive understanding of development and testing processes

Qualifications:

Minimum 3 years of experience as a DevOps engineer

Solid understanding of the DevOps methodology

Proficient in scripting languages: bash, python, groovy, ruby

Experience with CI & Deployment tools such as Jenkins, Kubernetes, Docker, Chef, Ansible, GradleCloud: AWS

Cloud experience, particularly with AWS; familiarity with Google Cloud is a plus

Agile methodology knowledge

Proficiency in Linux (Centos)

Personal skills

Enthusiasm for learning new technologies, engaging in research and development to ensure continual innovation

Excellent organizational skills with a keen sense of priority management

Strong communication and collaboration skills with the ability to work effectively with other teams

Kyriba Culture and Values

At Kyriba, we value a strong work culture and sense of community and ownership among our global team. We live by our “iCare” value system to demonstrate our care and commitment to our clients and to each other. In hiring, we look for candidates that are a strong fit with our culture and values, as well as bring the talent and experience required by the position.

Innovation : We foster innovation and entrepreneurial thinking across our team by rewarding employees for their achievements and encouraging efficiency and continual process improvement.

Client Success : Our passion is to enable our clients’ success. We do this by understanding their needs and developing and managing solutions that provide them the insight to effectively drive decision making within their organizations.

Accountability : We each take personal responsibility for our actions. We are committed to our own continuous improvement, and we go the extra mile to meet our clients' needs.

Respect : We respect each other’s ideas, efforts and commitments, and embrace our diverse cultures and points of view. We achieve our goals through teamwork, responsiveness, open communication and a positive attitude.

Excellence : We strive for excellence in all that we do and bring the passion and commitment to deliver on our promises. We achieve excellence through leadership, teamwork, transparency and integrity, and we are committed to recognizing employee achievements.

Kyriba believes that everyone has the ability to make an impact, and we are proud to be an equal opportunity employer committed to providing employment opportunity regardless of sex, race, creed, color, gender, religion, marital status, domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition, sexual orientation, pregnancy, military or veteran status, citizenship status, and genetic information.
