Middle Java Developer

Apply Now

Company: LeverX

Location: Poland

Category: computer-and-mathematical

LeverX is looking for Middle Java Developer. Don't miss this exciting opportunity to gain experience working with a global IT partner.

REQUIREMENTS

Java 8+, Spring (Core, Boot, MVC, Data, Security), JPA, J2EE, SQL;

Ability to communicate (write/speak) in English;

Strong DB knowledge is beneficial;

Experience working with SAP technologies as a Java developer is beneficial;

Hands on experience working with SAP Hybris and (or) SAP Commerce Cloud is plus;

Hands on experience working with SAP BTP is a plus;

Experience working with Cloud providers is a plus;

Technical background is a plus.

Opportunities

Excellent working environment: the company is big enough to be reliable, yet small enough to be person-oriented;

Full-cycle projects and product development;

Training & development-focused approach: a clear roadmap for training employees to sustain

and enhance the productivity of the organization as a whole, internal weekly technical meetups, free English classes;

Collaboration with the teams from the European Union both on-site and remotely;

Work-life balance to suit everyone: flexible working hours, loyal sick-leave policy, student-exam-session-friendly approach, corporate events and sports activities.
