Company: Monerail

Location: Poland

Category: computer-and-mathematical

Hi!

We are Monerail - a team of ~~150~~ ^{over} experts working together to create meaningful software. We believe in knowledge-sharing, autonomy, respect, and inclusivity. That's what makes us work so well together.

During our work, we discover some unknown paths, sometimes we walk along the known roads. Nevertheless, we always find a way to figure things out and embrace the challenges in front of us.

Our caring approach and support are here to help you strive and learn from the best.

Discover your way at Monerail.

Join our closed for developers and designers and work on additional projects in your free time.

Requirements

What does Monerail Tech Network mean?

We are currently building a network of talented backend and frontend developers who share our values and want to work with us on a **freelance basis**.

This should interest you if:

you are looking for something extra on top of your other responsibilities

you are looking to develop your skills and diversify your project portfolio

you are available for a minimum of 20 hours per week

you have a **one-person entity**(basis for b2b cooperation)

Who and what are we looking for?

Developers with over **3 years** experience in technologies like **ruby on rails, node.js, vue.js, angular, react, react native**

Great communicators and team players

A **flexible schedule** and openness to a variety of tasks in your chosen project

The Process

1. A code snippet from you—just upload it in the application form so we can review your code. Not a developer? We'd like to see your portfolio.
2. 1 hour Interview
3. Formalities and MSAs
4. Congratulations, you have joined **Monterail Tech Network**! We will contact you as soon as we have an interesting project for you to work on!

By joining our , you will have the opportunity to work on exciting and meaningful projects, develop your skills, and be a part of a supportive and inclusive community. Join us and discover your way at Monterail.
