Meet the CFO&EV Process Mining team

With the emergence of AI-based technologies, a new era of digital transformation has started. Companies use data analytics to accelerate their operations, make better decisions and provide higher quality service to their customers. To reap these benefits, they are looking for experts that will help them leverage the potential of data available in their information systems. That's where we come in with Process Mining.

What will you do?

Although no two days at Accenture are the same, as a **Consultant** in the **CFO&EV - Process Mining Team** you will support all the phases of Process Mining projects, from concept to implementation.

Your key areas of responsibility will include:

Managing end-to-end **Process Mining initiatives** across various clients and industries

Running data identification, extraction, and transformation (**ETL**)

Connecting Process Mining tools to client's IT systems

Designing and developing process monitoring dashboards

Analyzing and interpreting the findings

Drawing conclusions and recommendations

Advising on Process Mining capability development and technology strategy.

Who and what we are looking for:

Graduate in Computer Science and/or Engineering and/or Business

Hands-on experience with one or more Process Mining tools (**Celonis, UiPath Process Mining, QPR etc.**)

Knowledge of at least 1 functional area and processes (**Finance, Procurement, Accounting, Logistics, IT Management etc.**)

Basic data manipulation skills (**SQL**)

Experience with data analysis and visualization

Familiarity with at least one enterprise suite (**SAP, Oracle etc.**) is a big plus

Experience in process analysis and improvement; **LSS** certification is a plus

Strong communication skills: ability to explain solutions in person and in writing

English is a must, proficiency in other European languages is highly desired

Working Conditions:

Employment contract (Umowa o pracę)

Headquarter in Warsaw with offices in Cracow, Wroclaw, Lodz and Gdansk.

We are delivering our work mostly remotely but knowing that **Intelligent Consulting Hub Europe (ICH)** way of working is also based on traveling and serving advisory working closely with our Clients, willingness and ability to work at client's locations mostly across Europe, but also other locations, for short or long term is still required if pandemic situation will change.

What we offer:

Challenging job in a dynamic, professional, international and multicultural environment

Opportunity to gain exceptional on Polish market, skills, knowledge and experience gained on large scale international projects

The unique chance to work in a global network using only state-of-the-art tools and technologies

One of a kind experience with best know-how, with broad access to certifications and professional industry-recognized trainings.

Very attractive and competitive salary as well as a well-defined career path shaped to the individuals career focus & priorities

Attractive benefits package: Remote/Hybrid way of work, Cafeteria System, Multisport card, Lunch card, Private medical care, Employee Assistance Program, AMEX Gold Card, Lounge Club Priority Pass, Life insurance, Employee referral program and much more...

If this sounds like the ideal role, career, and company for you, please apply online as soon as possible.
