

Salesforce Solution Architect

[Apply Now](#)

Company: Epm

Location: Poland

Category: computer-and-mathematical

Description

We are seeking a highly skilled and experienced **Salesforce Solution Architect** to join our team. As a Salesforce Solution Architect, you will play a critical role in the implementation of a Digital Retirement Advisory solution for one of the largest Insurance & Pension organizations.

The remote option applies only to the Candidates who will be working from any location in Poland.

See yourself in this role

In this role, you will be responsible for leading the technical aspects of the Salesforce implementation project. You will work closely with the project leadership team and act as the go-to person for all Salesforce-related matters. Your key responsibilities will include driving the core architecture for the solution, providing expert guidance on Salesforce best practices, and advising on a migration strategy to transition from legacy systems to the new platform. You will collaborate with client-side architects and business analysts to understand solution requirements and integration needs.

What Youll Do

Serve as the technical lead for Salesforce implementation, providing guidance and support to the delivery team

Design and develop the core architecture for the Digital Retirement Advisory solution

Advise on best practices for Salesforce architecture and ensure adherence to out-of-the-box functionality

Collaborate with client-side architects and business analysts to understand solution requirements and integration needs

Contribute to an interdisciplinary team by sharing your expertise and collaborating with various stakeholders

Develop and maintain architecture designs that serve as references for test cases, training materials, and documentation

Conduct quality assurance testing and review to ensure the final output meets the required standards

What You Have

Proficient experience in CRM B2B solution architecture, specifically in marketing, sales, and service support / care domains

Strong expertise in designing integrations between Salesforce and other platforms

Knowledge and experience in process transformation and improvement

Experience with greenfield platform setup approach and CRM migration

Familiarity with agile methodologies, such as Scrum

Good functional and technical understanding of the key capabilities of the Salesforce CRM Platform

Nice to have

Experience with Salesforce Financial Services Cloud

We Offer

We gather like-minded people : Friendly team and enjoyable working environment

Engineering community of industrys professionals Flexible schedule and opportunity to work remotely Relocation within our 50+ offices

We provide growth opportunities Outstanding career roadmap Leadership development, career advising, soft skills and well-being programs Certification (GCP, Azure, AWS) Unlimited access to LinkedIn Learning Language classes on English and Polish for foreigners

We cover it all : Stable income (Employment Contract or B2B) Regular assessments and salary reviews Participation in the Employee Stock Purchase Plan Referral bonuses Benefits package (health insurance, multisport, shopping vouchers) Corporate and social events

We may contact chosen candidates only
