

SAP SD Lead/Senior Consultant

[Apply Now](#)

Company: LeverX

Location: Poland

Category: computer-and-mathematical

LeverX is looking for SAP SD Lead/Senior Consultant. Don't miss this exciting opportunity to gain experience working with a global IT partner.

Requirements

Strong background in SD (customising, documentation, functional specifications, etc) and cross-modul integration.

Proven functional consulting experience with experience in system implementation/migration projects.

Proven ability to work creatively and analytically in a problem-solving environment.

Experienced in S/4HANA.

Lead/Team management experience.

SAP Senior SD Consultant (ERP ECC and S 4HANA) experienced in configuring ERP/S4HANA SD functionality, organization structure and master data. Expected to be able to evaluate and suggest possible solutions to business scenarios and requirements for implementation, upgrade, enhancements and migration. Expected to provide functional specifications and guide developers for development objects and assist with testing. As well as delivery, the candidate will be expected to keep abreast of changes within this space and provide this insight to our clients. The role involves implementation as well as support across SAP and connected systems. The candidate must be able to work independently with the user community, IT colleagues and clients to determine appropriate solutions, owning the process

of delivery from evaluation and design to implementation and support tasks.
