Bug fixing, requirements analysis, documentation and communication with specialist departments and clients

Requirements:

10+ years professional experience in object-oriented software development with C++ & (if possible) MFC

Competent understanding, application and experience in implementation of OOP best practice and Design Patterns

Competent handling of standard development tools (Visual Studio, TFS-/DevOps-Server)

Oral communication and written skills

Knowledge of Design Patterns

Very good command of the German language in speech and writing – B2-C1 must

About Spyrosoft

Spyrosoft is an authentic, cutting-edge software engineering company, established in 2016. In 2021 and 2022, we were among the fastest growing technology companies in Europe, according to the Financial Times. We were founded by a group of tech experts with established backgrounds in software engineering, who created an 'engineer-to-engineer' workplace, powered by enthusiasm, fairness and authentic relationships. Having a unique offering, which bridge the gap between technology and business, we specialise in technology solutions for industry 4.0, automotive, geospatial, healthcare & life sciences, employee experience & education and financial services industries.
