

Senior Flutter Developer

[Apply Now](#)

Company: Dotlinkers

Location: Poland

Category: computer-and-mathematical

There is an opportunity for you to join a fast-growing technology company.!

Our client is building apps in the entertainment industry, utilizing user-generated content.

To strengthen their team, they are looking for an experienced Senior Flutter Developer.

This role requires a candidate with excellent communication skills, a proactive attitude, and a strong team ethic to unify a common vision.

Responsibilities:

Working as part of a team developing new features and apps

Evaluate relevant new and mature technologies as needs, gaps, and opportunities arise

Ability to identify problem patterns and apply solutions that enable our team to accelerate delivery

Work closely with product managers and other technology teams (e.g. backend team)

Create technical documentation of infrastructure and architecture, keep things organized

Requirements:

6+ years of software engineering experience

2+ years of experience working within the Flutter/Dart ecosystem

A strong understanding of OOP/SOLID principles

Experience with Firebase

Exceptional problem-solving and analytical skills

BS or MS degree in Computer Science or Engineering related experience

Very good communication skills in English

Nice to have:

Experience in building and releasing native iOS and Android apps

Familiarity with CI/CD services

A track record of publishing a personal project app

The offer:

Working with very experienced, very hands-on industry professionals

Competitive salary

Unlimited vacation
