Category: computer-and-mathematical

WE ARE

SoftServe is a leading global digital service and consulting company, founded in 1993. We collaborate with clients across the USA, Europe, APAC, and LatAm regions, delivering innovative technology solutions to transform, accelerate, and optimize their businesses. Our thousands of authentic professionals work on 2,000+ projects, ensuring successful outcomes and well-balanced lives.

Our client is a leading online travel company that empowers people to explore the world. Their websites offer an extensive range of travel options, from budget-friendly to luxury. With a mission to make travel accessible and enjoyable for all, the company is committed to delivering exceptional customer service and innovative technology solutions.

Our team consists of 140+ developers located in Ukraine, Poland, Bulgaria, Romania, Mexico, and Colombia. Together, we work with Java, Kotlin, React, , GraphQL, iOS, and Android to incrementally deliver new features every 6 months on a global scale.

IF YOU ARE

Experienced in iOS development with a minimum of 7 years of commercial background

Strong in Swift and Carthage to project needs

Confident with CocoaPods and Jenkins

Professional in GraphQL (Apollo) and Git

Skilled in Unit Testing: Cuckoo, XCTest

Effective as a communicator

Capable to communicate fluently in English in a multicultural environment to address daily project needs

AND YOU WANT TO

Develop services to ensure accurate and consistent pricing for travelers across all platforms (iOS, Android)

Integrate design components and create documentation using UML

Participate in all stages of the product development lifecycle

Plan, implement, and deploy changes following best practices for coding, testing, and monitoring

Design, code, test, and debug complex technical solutions in compliance with engineering standards

Perform peer design and code reviews and provide feedback for improvement

Deal with troubleshooting, debugging, and fixing issues as they arise

Interact and collaborate with cross-functional and distributed teams

Attend and contribute to Agile ceremonies such as daily stand-ups, planning, retrospectives, etc.

TOGETHER WE WILL

Support your technical and personal growth — as we have a dedicated career plan for all roles in our company

Care about your initiatives — we are open to them, just come and share your ideas

Boost your leadership skills with managerial competencies through our leadership development programs, which enable emerging and mature leaders to deliver more value

Share many other advantages: attractive salary, a package of benefits: Cafeteria, LuxMed, life insurance, language classes, etc.
