Senior Oracle EBS developer

Miejsce pracy: Kraków

Technologies we use

Expected

Oracle

About the project

The client is a private, family-owned company, founded by scientists and dedicated to providing the world's highest quality, innovative research and diagnostic products to accelerate biological understanding and enable personalized medicine. Our employees operate worldwide from our U.S. headquarters in Massachusetts, and our offices in the Netherlands, China, and Japan.

Wage: From 2900 € gross monthly. Final salary will reflect your skills and experience

Your responsibilities

Analyze current Oracle EBS solution including customizations

Design and implement complex custom solutions and interfaces

Connecting 3rd party Manufacturing Execution System

Integrate EBS with other systems

Our requirements

6+ years of experience with Oracle EBS development

Especially with these eBS parts:

Discrete Manufacturing

Inventory

Purchasing

Order Management

Shipping

Work In Process

Bills of Material

Experience with Crystal reports or Jasper reports is welcome

Also any experience with Exact Synergy Globe would be welcome

What we offer

We create an environment where everyone can fully realize their talents, freely share knowledge and experience, and create truly important things. Happy people create revolutionary products. We believe that we are able to change the world for the better — and we, as a company, help our specialists grow and be truly happy!

Keep the balance. Work-life balance!

You will have the opportunity to choose where you want to work – at a comfortable office or at home. The choice is not limited to “where”, but also “when” - all of that because of flexible working hours. We will help you to ensure your work-life balance.

Support of health and sports activities

We care about the health of all specialists. Every employee can take advantage of the following:

Private medical care – your well-being is crucial to us. You can choose one of many options, including the one which takes care of your loved ones.

Multikafeteria platform – this feature allows you to use sports facilities cards, attend cultural

events or buy sports equipment or books. You choose from a vast variety of possibilities. Life and travel insurance – our partners provide our consultants with a special group life insurance package.

Relocation Program

We encourage you to discover a brand-new experience. GlobalLogic's offices in EMEA regions will meet you with maximum hospitality and the same corporate culture, processes, and possibilities.

Learning and professional growth!

You'll collaborate with — and learn from — award-winning designers and engineers through customer projects, hackathons, meetups, and more. Listen to the top speakers or be one of them — it's up to you!

Create more than just a code. Make an impact beyond the code!

In today's world, software engineers create a better future for people and the planet.

GlobalLogic's experts are contributing to this world right now in various projects: from automotive to healthcare!

Sustainability and Social Responsibility

We positively impact our communities by supporting education and the environment, and by developing women in tech, and the arts. For example, learn more about our EcoHike — a special app that makes the world cleaner! Not only our engineers, but tourists, eco-activists, and hiking fans are using it regularly to keep our nature clean and vital.

Technology first!

Realize all your ideas within our internal tech clubs and groups. Feel free to find new friends, boost your skills, and grow professionally!

Benefits
