

## Senior Technical Project Manager

[Apply Now](#)

Company: Dotlinkers

Location: Poland

Category: computer-and-mathematical

Our client, a 2006-founded Softwarehouse from Warsaw is looking for a Senior Technical Project Manager to join their team. The team works for their biggest client – a US platform for reviewing business cooperations.

### **As a Senior TPO, your main tasks will be:**

Servant – leading one or more scrum teams

Coaching team members in self-management and cross-functionality

Helping the scrum team focus on creating high-value increments

Removing impediments hindering the teams' success.

Ensuring that scrum ceremonies are productive and that retrospectives produce actionable results

Having your eye on the teams' health, identifying potential problems, and taking corrective action where needed

Bringing ideas for making scrum work well between teams and departments

### **Must-haves:**

Scrum experience

Communication skills

English language on a fluent level

Leadership skill

**What will you get:**

Continuous individual development opportunities – professionally and personally

Unlimited Coursera access for self-education

Exposure to modern technologies across various industries in an agile environment

Work from home days

International team of highly skilled people

Scrum agile development methodology

Opportunity to give back in your community

Great team spirit, flat hierarchies, a motivated and open-minded atmosphere

Competitive salary + bonus opportunities adequate to skills and experience
