Solution Architect

Apply Now

Company: Diebold Nixdorf

Location: Poland

Category: computer-and-mathematical

Expect more. Connect more. Be more at Diebold Nixdorf. Our teams automate, digitize, and transform the way more than 75 million people around the globe bank and shop in this hyper-connected, consumer-centric world. Join us in connecting people to commerce in this vital, rewarding role.

Job Overview

As the Retail business is undergoing a massive transition globally, our solution offerings are as well. As a company, Diebold Nixdorf is on a transformational journey from a set of more traditional on-premises solutions to the next generation of solutions based on cloud and digital technology. DN recently launched a disruptive new cloud-based next-generation retail software platform that will form the foundation of a new retail ecosystem for our customers with a new approach to the Point of Sale, store solutions, and core backend integration running from the cloud.

We are looking for a Solution Architect to join our team, where our mission is to guide product teams in developing solutions to support the world's largest retailers with our next generation products. The team consists of around 15 architects working all over the world. Following the link below you will see Diebold Nixdorf's portfolio video overview:
