Company: Activision Blizzard

Location: Poland

Category: arts-design-entertainment-sports-and-media

Job Description

Your Mission

As a Studio Animation Director, you will be expected to lead the Animation team by driving, maintaining, and creating high fidelity animations that align to our pursuit of ultimate player immersion. This Immersion is achieved by supporting the Narrative and Gameplay needs of our games, using Run-Time Action Cinematics, 1st and 3rd Person Gameplay and AI Animations. The ability to lead the team to identify and execute the “feel” the project dictates, is the prime directive. You will be joining our Passionate and Talented team of developers who, continue pushing our standards of quality and drive, that echoes throughout our studio.

Priorities can often change in a fast-paced environment like ours, so this role includes, but is not limited to, the following responsibilities:

Work with Infinity Ward’s Studio Animation Director to manage, maintain, and support the animation style that is established for the project.

Work with all Animation Directors, Leads and Producers of the project, ensuring Animation is created with the highest quality and delivered with the highest efficiency.

Use Motion Capture and Hand-Keyed Techniques to create high-fidelity Run-Time Action Cinematics, 1st and 3rd Person Gameplay and AI Animations to convey the Narrative and Gameplay needs of the game.

Implement and maintain Animations using Proprietary Tools within our Game Engine.

Communicate with internal and external depts to ensure the highest collaborative, qualitative and efficient completion of team tasks

Player Profile

+8 years Leading Animation for Game Development

An extreme passion for Animation, video games, and the entertainment it inspires and draws from

An exceptional ability for Hand-Keyed Animation

Excellent Maya Animation experience

Understand all the roles within the Animation department

Have a good understanding of the technology used in game design and development, its capabilities and limitations

Capable of taking animation systems from concept to completion

Can build good working relationships with other departments

Has excellent communication skills, including tact and diplomacy
