

## Technical Artist 2D

[Apply Now](#)

Company: funcrafters

Location: Kraków

Category: other-general

Are you passionate about creating visually stunning 2D graphics and animations?

FunCrafters, a mobile game company working on a new RPG game based on one of the biggest IPs in the world, is looking for a talented Technical Artist 2D to join our team. In this role, you will have the opportunity to collaborate with designers, artists, and developers to implement finished animations, VFX, and graphics. If you have a strong technical background, excellent organization skills, and a deep understanding of Unity engine and Photoshop, we encourage you to submit your CV.

### **Responsibilities:**

Coordinating and consulting with the design, art, and development teams,

Supporting the art team in the technical aspects of creating assets for our mobile products, ensuring consistency in the naming and order of graphics files,

Optimizing graphics within the game and preparing graphics files for animations, VFX, and 2D assets.

### **Requirements:**

Very good working knowledge of Unity engine.

Very good knowledge of Photoshop.

Knowledge of Spine 2D program.

Knowledge of the Shuriken particle system.

Proficiency in using the GIT version control system.

Excellent organization skills.

Knowledge of the mobile game production process.

Knowledge of software support: Jira, Zeplin.

Excellent communication and coordination skills between teams.

### **Advantage:**

Knowledge of C#.

Ability to write scripts and plugins to optimize artists' work and implement graphics into the engine.
