UI/UX Designer

at Capco Poland

CAPCO POLAND

Capco is a global technology and management consultancy specializing in driving digital transformation across the financial services industry. We are passionate about helping our clients succeed in an ever-changing industry.

Joining Capco means joining an organisation that is committed to an inclusive working environment where you're encouraged to #BeYourselfAtWork. We celebrate individuality and recognize that diversity and inclusion, in all forms, is critical to success. It's important to us that we recruit and develop as diverse a range of talent as we can and we believe that everyone brings something different to the table – so we'd love to know what makes you different.

Such differences may mean we need to make changes to our process to allow you the best possible platform to succeed, and we are happy to cater to any reasonable adjustments you may require. You will find the section to let us know of these at the bottom of your application form or you can mention it directly to your recruiter at any stage and they will be happy to help.

We also are:

Experts in banking and payments, capital markets, wealth and asset management

Focused on maintaining our nimble, agile, and entrepreneurial culture

Committed to growing our business and hiring the best talent to help us get there

THINGS YOU WILL DO

As a **UI/UX Designer** you will design high-resolution UI/UX prototypes for the Stress Dashboards.

Your responsibilities will be but are not limited to:

Proven experience as a UX designer or UX lead, with a strong portfolio showcasing successful projects

Proficiency in UX design tools such as Sketch, Figma, Adobe XD or Invision

Strong understanding of information architecture, usability, and interaction design principles

Experience with conducting user research, usability testing, and creating personas

SKILLS & EXPERIENCES YOU NEED TO GET THE JOB DONE

A minimum of 6-8+ years in UX Design

Bachelor's or Master's degree in UX Design, Human-Computer Interaction, or a related field

Experience building business intelligence and reporting tools

Experience with data modelling, database optimisation techniques and queries

Dedication to cross-training and documentation and implementing design guidelines

Commitment to continuous learning – staying up to date with industry trends

Team player with excellent communication skills

Advanced level of written and spoken English

WHY WORTH JOINING US

Employment contract and/or Business to Business as you prefer

Possibility to work remotely

Speaking English on daily basis, mainly in contact with foreign stakeholders and peers

Multiple employee benefits packages (MyBenefit Cafeteria, private medical care, life-insurance)

Access to 3.+ Business Courses Platform (Udemy)

Access to required IT equipment

Ongoing learning opportunities to help you acquire new skills or deepen existing expertise

Being part of the core squad focused on the growth of the Polish business unit

A flat, non-hierarchical structure that will enable you to work with senior partners and directly with clients

A work culture focused on innovation and creating lasting value for our clients and employees
