[Apply Now](#)

Company: Green Tomato Media

Location: Poland

Category: computer-and-mathematical

Welcome to GreenTomato

**Our mission is to entertain the world, have fun doing it, and learn a ton along the way with a stellar team!**

Our 2 core focus for the next 10 years.

Mobile Apps & Games:

We build and publish leading Party Games and a fun solitaire game to entertain people around the world!

Our mission is to bring joy to millions of people by creating top-notch games & unforgettable moments!

Media (Content Site & Youtube Channel)

We publish world-class content for the iGaming & finance industry in order to generate high-value leads for our partners. We excel at ranking on Google & Youtube and aim to dominate the most competitive search results.

Our mission is to become the world's leading iGaming video media group!

### The Role

Are you a design wizard <sup>♂</sup> passionate about creating mind-blowing mobile game user experiences?

We're on the hunt for a Senior UX/UI Designer who can sprinkle their magic touch on our apps and who would be responsible for crafting visually stunning and user-friendly interfaces that will leave our millions of users totally captivated

\*Must have experience to move onto interview phase is mobile game design experience.

Bonus points for entertainment games such as Truth or Dare/ Drinking Games. \*

### **Why We Want You:**

As the creative force behind all things design you'll be the architect of awe-inspiring user experiences and visually stunning interfaces that will transport players into a world of gaming.

From creating seamless navigation to designing eye-catching visuals, you'll be the master of our mobile gaming aesthetics

Collaborating with a team of fellow digital warriors, including developers, artists, and producers, you'll bring your design wizardry to the table, ensuring that players are captivated by every tap and swipe and will always have an unforgettable gaming experience.

Wave your wand and conjure up wireframes and high-end layouts that will make heads turn.

Craft design guidelines and style that will ensure consistency across mobile platforms.

Collaborate with our team of creative geniuses to understand user needs and transform them into jaw-dropping design solutions.

Stay up-to-date with the latest mobile design and game trends in the UX/UI realm.

Work your magic with developers to ensure flawless implementation of your designs.

Be the artist of our game's visual identity, ensuring consistency and coherence across all screens and interactions.

### **About you:**

A degree in Design, Fine Arts, or equivalent magical powers.

A creative portfolio that showcases your UX/UI mobile design skills and your ability to solve design challenges.

Lots of experience in designing mobile games. Party, Truth or Dare, or roulette game design will earn you bonus points.

Proficiency in design tools like Adobe Suite, Figma, and other enchanting software.

A deep understanding of user-centered design principles and the ability to bring them to life.

Experience in user research and usability testing.

Excellent communication skills to charm and persuade others with your design decisions.

Knowledge of game engine technologies such as Unity 3D and/or Unreal.

A deep understanding of mobile game mechanics, user psychology, and what makes players tick.

A sense of humor and a love for injecting fun and excitement into your designs.

### **Who are we:**

GreenTomato is one of the world's leading party game app publishers with 5 million of yearly active users across the world. We provide exciting and awesome party games and our ambition is to claim the leadership of each market!
